### April 17, 2007 | New York Post

What universal design does is provide home designs that are inviting and convenient for the broadest spectrum," says Bill Owens, an Ohio builder and remodeler who wears many hats. Owens is a trainer for the National Association of Home Builders' Aging-in-Place certification program, a certified aging-in-place specialist, and also CEO of Better Living Design, a new nonprofit that promotes universal design.

### Universal Design: On the Tipping Point? - NewHomeSource

Obviously, the more universal design characteristics or features included, the more usable the house. A key component of universal design is the market appeal it adds to the home because the universal features are integrated into the overall design. Done well, universal design becomes a virtually invisible element.

### Universal Design Features in Houses

Universal design is a framework for the design of living and working spaces and products benefiting the widest possible range of people in the widest range of situations without special or separate design. My husband Mark Leder and I have been applying its principles as we build our new home,...
