Economic Life In Korea

Economic and social developments In the 1950s South Korea had an underdeveloped, agrarian economy that depended heavily on foreign aid . The military leadership that emerged in the early 1960s and led the country for a quarter century may have been autocratic and, at times, repressive, but its pragmatic and flexible commitment to economic development resulted in what became known as the "miracle on the Han River."

Economic life in Korea (Book, 1982) [WorldCat.org]

Korea Economic Outlook. The economy eked out a stronger expansion in the second quarter after growth slumped to a near one-decade low in Q1. While fiscal stimulus led the acceleration, weakness prevailed elsewhere in the economy.

Korea Economy - GDP, Inflation, CPI and Interest Rate

The economy of South Korea is the 4th largest in Asia and the 12th largest in the world. It is a highly developed mixed economy dominated by family-owned conglomerates called chaebols; however, the dominance of the chaebol is unlikely to last and engenders risk of slowing down the transformation of the South Korean economy for the benefit of future generations. South Korea is known for its spectacular rise from one of the poorest countries in the world to a developed, high-income country in just
