The title "Introduction to Christianity" is a misnomer. This is not an introduction for those unfamiliar with Christianity. It is a study of the biblical, philosophical and rational beliefs which make up the Christian faith. This book begins with a study of faith in the world today, followed by the form of faith offered by the Church.

After reading Joseph Cardinal Ratzinger (a.k.a. Pope Benedict XVI), he may be my favorite systematic theologian. He was Radical Orthodox before Radical Orthodoxy was cool. Don't be fooled by the title, "Introduction to Christianity." This is a very theologically dense book, but well worth the time and effort.
